- KS2 pupil leadership programme

## Live Lessons

Regular live lessons engaging 10,000+ children across the UK

## Knowledge Base

Online support section with guides, videos, FAQs and more!

## Teacher Community

Connect with other educators in our Facebook Group

# Don't just take our word for it...

“You've made everything really smooth and easy to navigate around. It's always a little bit scary when there's a new sort of project or something that comes about, but you've made it really easy for us.”  
**Rahima Mozir, Computing Lead, Mission Grove Primary**

“The head teacher was absolutely over the moon with it all. The staff really loved the fact that they can just easily now look at that long term plan and they can plan it into a lesson. I've seen lots of classes taking part and the best thing is the children's voice, and they're loving it.”  
**Adam Booth, Y6 Teacher, Whittlefield Primary School**
